Help Improve 911 Response to Your Home

Address visibility is a key to fast emergency response to your home.

Making your home address more visible from the street will help ambulance, fire and other emergency responders to locate your house

- ◆ Address Numbers should be at least 4 inches high
- ◆ Numbers should be a contrasting color from your house color
- ◆ Make sure address is not screened by trees, bushes and flowers
- ◆ Reflective letters are recommended but not required

Check your address from the street, if it hard for you to see, it is much more difficult for ambulance, fire and other first responders to find you in an emergency.

Call Platte City Building Office at 858-3617 for more information regarding your 911 address

EXCITING CHANGES COMING

FOR

CURBSIDE RECYCLING.

This fall, the City will replace the 18 gallon red recycling bins with the larger 95 gallon wheeled bin shown at right. This change will occur with no additional charge to ratepayer.

In addition to the materials we currently take – aluminum cans, 1-7 plastics, tin cans, paper (including newspaper, magazines, office paper, advertising inserts, envelopes); we will also begin accepting cardboard and paperboard. This will include things such as cereal boxes, paper boxes, corrugated boxes, drink cartons, moving boxes, etc.

Glass will no longer be accepted; however glass can be dropped off at our recycle center at 108 Paxton, or at the Ripple Glass container in the parking lot at Price Chopper.

The new carts are expected in later summer. More information will be sent monthly.
