### Property Valuations

#### *Assessment Procedure:*

All taxable and personal property within the City is assessed annually by the County Assessor. Missouri law requires that real property be assessed at the following percentages of true value:

Residential real property	19%
Agricultural and horticultural real property	12%
Utility, industrial, commercial, railroad and all other real property	32%

A general reassessment of real property occurred statewide in 1985. In order to maintain equalized assessed valuations following this reassessment, the Missouri General Assembly adopted a maintenance law in 1986. Beginning January 1, 1987, and every odd-numbered year thereafter, each County Assessor must adjust the assessed valuation of all real property located within his or her county in accordance with a two-year assessment and equalization maintenance plan approved by the State Tax Commission.

The assessment ratio for personal property is general 33-1/3% of true value. However, subclasses of tangible personal property are assessed at the following assessment percentages: grain and other agricultural crops in an unmanufactured condition, 1/2%; livestock, 12%; farm machinery, 12%; historic motor vehicles, 5%; and poultry, 12%.

The County Assessor is responsible for preparing the tax roll each year and for submitting the tax roll to the Board of Equalization. The County Board of Equalization has the authority to adjust and equalize the values of individual properties appearing on the tax rolls.

#### *Current Assessed Valuation:*

The following table shows the total assessed valuation, by category, of all taxable tangible property situated in the City as of July 28, 2016 (after Board of Equalization):

	<u>Assessed Valuation</u>	<u>Assessment Rate</u>	<u>Estimated Actual Valuation</u>
Real Estate:			
Residential	\$39,266,645	19%	\$206,666,553
Agricultural	56,004	12	466,700
Commercial	<u>25,178,426<sup>(1)</sup></u>	32	<u>78,682,581</u>
Sub-Total	64,501,075		285,815,834
Personal Property	<u>10,198,176<sup>(2)</sup></u>	33 1/3 <sup>(3)</sup>	<u>30,625,153</u>
Total	<u>\$74,699,251</u>		<u>\$316,440,987</u>

<sup>(1)</sup> Includes Railroad and Utility State and Locally Assessed Real Property of \$1,196,627.

<sup>(2)</sup> Includes Railroad and Utility State and Locally Assessed Personal Property of \$182,572.

<sup>(3)</sup> Assumes all personal property is assessed at 33 1/3%. The assessment ratio for personal property is generally 33-1/3% of true value. However, subclasses of tangible personal property are assessed at the following assessment percentages: grain and other agricultural crops in an unmanufactured condition, 1/2%; livestock, 12%; farm machinery, 12%; historic motor vehicles, 5%; and poultry, 12%. Because certain subclasses of tangible personal property are assessed at less than 33 1/3%, the estimated actual valuation for personal property would likely be greater than that shown above.

### Tax Rates and Major Property Taxpayers

*Debt Service Levy.* Once indebtedness has been approved by the constitutionally required percentage of the voters voting therefore and bonds are issued, the City is required under Article VI, Section 26(f) of the Missouri Constitution to levy an annual tax on all taxable tangible property therein sufficient to pay the interest and principal of the indebtedness as they fall due and to retire the same within 20 years from the date of issue. The City Council may set the tax rate for debt service, without limitation as to rate or amount, at the level required to make such payments.

*Operating Levy.* The current operating levy of the City is \$0.5317 per \$100 of assessed valuation. The operating levy does not require annual voter approval but the City Council cannot raise the rate above that approved in the last election without the approval of a majority of the voters voting thereon.

The following table shows the City's tax levies (per \$100 of assessed valuation) for each of the last five years:

<u>Fiscal Year Ended</u>	<u>General Fund</u>	<u>Debt Service Fund</u>	<u>Total Levy</u>
2016	\$0.5317	\$0.5569	\$1.0886
2015	0.5317	0.5569	1.0886
2014	0.5317	0.5569	1.0886
2013	0.5317	0.5569	1.0886
2012	0.5244	0.5642	1.0886
